

ASSEMBLY BILL

No. 2268

Introduced by Assembly Member Saldana

February 22, 2006

An act to add Section 7149.6 to the Fish and Game Code, relating to fishing.

LEGISLATIVE COUNSEL'S DIGEST

AB 2268, as introduced, Saldana. Sportfishing: licenses: sportsfishing day trips.

Existing law requires every person over the age of 16 years who takes any fish, reptile, or amphibian for any purpose other than profit to first obtain a license for that purpose and to have that license on his or her person or in his or her immediate possession when engaged in carrying out any activity authorized by the license, as provided. Existing law provides for specified exceptions to the license requirement, including a provision permitting the Director of Fish and Game to designate specified days in each year as free sportfishing days during which residents and nonresidents may, without having a sportfishing license and without the payment of any fee, exercise the privileges of a holder of a sportfishing license. Existing law also requires the Department of Fish and Game to issue a reduced fee sportfishing license to specified applicants, including, but not limited to, disabled veterans having a 50% or greater service-connected disability if certain requirements are met.

This bill would provide that any current member of the National Guard who is currently receiving medical treatment as a result of service, and any resident or nonresident disabled veteran, as defined, may, without having a sportfishing license and without the payment of any fee, exercise the privileges of a holder of a sportfishing license for

the duration of a sportfishing day trip operated by a nonprofit organization organized for the purpose of providing recreational rehabilitation therapy for disabled veterans, subject to all of the limitations, restrictions, conditions, laws, rules, and regulations applicable to the holder of a sportfishing license.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.
